Press Release

December 4, 2009

Doonan Specialized Trailer, LLC is pleased to announce that it has been awarded contract GS-30F-0011W in the U.S. General Services Administration (GSA) Schedules program. The GSA's mission is to leverage the buying power of the federal government to acquire best value for taxpayers and GSA customers. The GSA Schedules program offers a large variety of products, at pre-negotiated prices from select government-approved companies, to its customers.

GSA contract GS-30F-0011W will allow Doonan Specialized Trailer, LLC to sell 22 different trailer models with over 300 different options to federal, state, and local government agencies including the United States Military. These products will be sold through Schedule 23V under Special Item Number (SIN) 23-101.

According to Elgen L. Reynolds, Co-Manager and Point of Contact for the GSA program, "This contract award opens an untapped market for the Company and allows Doonan Specialized Trailer, LLC to support the efforts of various government agencies."

The mission of Doonan Specialized Trailer, LLC has been to develop a market niche in the specialty segment of the platform and lowbed trailer industries by providing highly customized products. Its products include flatbeds, dropdecks, mechanical detachable double drops (RGNs), fixed neck double drops, and extendible trailers.
